

# CARBON PRODUCT

## training seminars

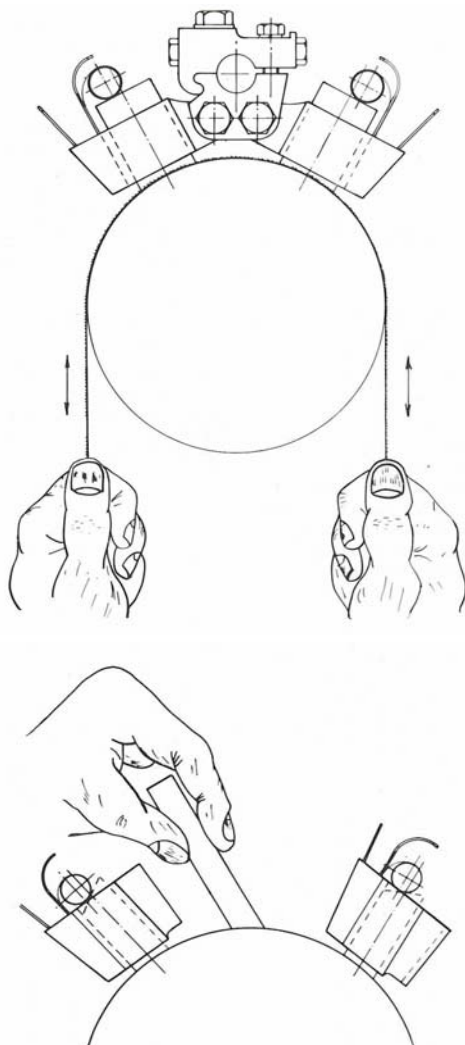

Morgan Industrial Carbon can tailor in-house training seminars suited to the needs of your maintenance or engineering staff.

Our training courses are suited to a maximum of 10-12 participants, and are available at affordable rates.

A wide range of topics can be nominated for discussion including:

- Brush fitting & maintenance
- Common faults associated with carbon brushes in electrical machines
- Commutator profiling
- Achieving satisfactory carbon brush performance
- Commutation
- Brush design

Question and answer sessions are held at the completion of the seminars, and have been found to greatly beneficial to past participants.

Call Morgan Industrial Carbon to discuss your requirements...!
